REPORT OF COMMITTEE

On Books and Periodicals—North Carolina Conference.

From the many interesting things in the reports of the conference just closed at Elizabeth City, we copy the following report of the committee on books and periodicals:

The committee on Books and Periodicals strongly endorsed the Nashville Christian Advocate and other publications of the Southern Methodist Publishing House. Pending the consideration of this part of the committee's report, Dr. Barbee, one of the business agents of the Publishing House, addressed the conference. He gave, among other things, the gratifying information that the publishing house was now free from debt and in a very prosperous condition. The conference manifested its satisfaction with the management of the house. The earnest commendation of the Nashville Christian Advocate by the committee and Dr. Barbee was very heartily endorsed by Bishop Fitzgerald.

The committee further reported as follows:

Whereas, The principal owner of the North Carolina Christian Advocate, Dr. L. W. Crawford, has, by letter, notified this conference that the North Carolina Advocate Company cannot longer support two editors, and

Whereas, This conference desires the most kindly fraternal relations with the Western North Carolina Conference, and with Dr. Crawford, and also desires to take no action that will be hurtful to his financial interest or that of any other stockholder of the Advocate Company, and

Whereas, Dr. Crawford has expressed his willingness to a friendly separation of the two conferences on the paper question, we to a half interest in the North Carolina Advocate for the sum of \$6,500 with the view of our establishing our own conference organ, and

Whereas, We believe that such action would be to the interest of peace and prosperity of our common Methodistism in this state; therefore

Resolved 1st. That we appoint the following committee: Revs. W. C. Norman and N. M. Watson and Messrs. J. G. Brown, A. M. Powell and W. B. Harker whose duty it shall be to organize a stock company for the purchase of said interest or so much thereof as may be practicable and equitable.

If, however, the effort to purchase said interest in the North Carolina Advocate Company fail for any cause not due to us, then we instruct the committee to organize the stockholders of the North Carolina Advocate Company, or any number of them resident within the bounds of this Conference, and their associates, into a new stock company for the conference organ, it being understood, and mutually agreed:

1st. That the conference shall name the editor, and shall have absolute control of the editorial policy of the paper.

2nd. That the conference shall adopt such paper as its organ from year to year, as long as it is allowed to name the editor; provided that the conference at any time shall have the option of purchasing the entire stock at an agreed price.

3rd. It is further agreed that the cash subscription price shall not be more than \$1.50 per year.

Resolved 2nd. That if the above plans fail that this publishing committee is fully empowered and instructed to take such steps as may be necessary to establish a conference organ, without however involving the conference in debt.

Resolved 3rd. That this committee shall not take action until a reasonable time for the joint commission to meet, not later than Saturday, December 17th, 1898.

Resolved 4th. That the conference elect by ballot an editor to serve for a term of two years at a salary of not less than \$1,500 per year.

Resolved 5th. That we as a conference express our high appreciation of the editorial service of Rev. T. N. Ivey D. D., during the past two years.

J. W. Jenkins, chairman.

J. S. Betts, secretary.

The report was unanimously adopted, with evident expressions of approval.

In accordance with the resolution to elect an editor for the next two years, the conference proceeded, by ballot, to elect, which resulted in 127 votes for Rev. T. N. Ivey, 3 for Rev. R. B. John, and 2 for Rev. N. Watson.

The result of the election was heartily applauded by the entire assembly.

Dr. Alderman's Lecture.

Everybody enjoys hearing one tell the story of his travels in foreign lands, and if the traveler be a good raconteur, there is no more pleasing form of entertainment.

All those who know President Alderman, of the University of North Carolina, know he has few superiors in this line, and will expect a pleasant and profitable evening listening to his story of "Egypt and the Nile," at the court house Friday evening.

To The Pen.

Sheriff Monroe, of Rowan county, passed through this morning going to Raleigh with Harry Craig and Sue Lopp alias Lindsay, both colored, to place them in the pen. Craig goes up for twelve years, for murder, and Sue for eight months, for stealing a watch. Sue is well known here and has a very unsavory reputation in police circles. She went under the name of Sue Lopp here.

MR. CHAMBERLAIN'S REPORT.

Supports a Project to Create a Mercantile Marine.

THE NAVIGATION COMMISSIONER.

House Committee on Banking and Currency Considering Financial Legislation.

By Wire to THE TELEGRAM.

Washington, Dec. 7.—The annual report of Navigation Commissioner Chamberlain is devoted mainly to statistics and facts to support a project for the creation of a mercantile marine, recommended by Secretary Gage. Excluding the Great Lakes, the report says, American vessels cleared during the year with seven and a quarter million tons, foreign shipping thirty-two and two-thirds millions.

There are at present only three courses open to the United States. The first may retain the laws unchanged, ignore national navigation, and continue to rely upon foreign vessels for the transportation of exports and imports.

The second may permit foreign built vessels to register under our flag and ship American crews to increase national navigation. The third may extend direct government aid to vessels built here, increase national navigation and ship building.

The last three named courses are suggested by the report, to a very great extent.

COMMITTEES MEET.

Washington, Dec. 7.—The house committee on banking and currency held a session this morning to consider financial legislation. The senate committee on the Nicaraguan canal also held a session to consider action on the canal bill.

THE DEBATE STARTED.

Washington, Dec. 7.—In the executive session of the senate, Mr. Hoar started the debate in opposition to expansion. Other senators took part. Mr. Hawcy introduced a bill for the reorganization of the army.

MUST CONTROL CANAL.

Washington, Dec. 7.—The senate committee agreed that the United States must control the Nicaraguan canal.

NOMINATIONS REPORTED.

Washington, Dec. 7.—Generals Wood and Henry were nominated major-generals. Promotions in the navy during the recess were reported.

AGAIN POSTPONED.

The Matter of Lights and Cars To Be Further Considered.

The board of aldermen held quite a lengthy meeting last night to hear and consider the report of the committee on street lights and street cars. The report was read, recommending the rejection of all bids as framed, suggesting that the matter be continued for new and amended bids. The report provoked a lengthy discussion.

Alderman Shaw introduced an amendment to the report providing for the acceptance of the Maryland Manufacturing and Construction Company's bid with certain amendments on condition that said amendments were made within ten days; or the acceptance of any other bid from responsible parties carrying with it an equally good contract with amendments as suggested.

Alderman Merriman offered as a substitute for the whole business a paper to the effect that the interests of the city would be best subserved by municipal ownership of the water works, electric light plant, the building of a market house and city hall completing sewerage and building good streets.

Alderman Elam opposed Mr. Merriman's substitute on the ground that he did not believe in running any enterprise to balance the loss or deficiency in another.

The substitute was lost.

The question then arose on the amendment offered by Mr. Shaw and after further discussion was voted on and lost.

The report of the committee was then adopted, which leaves the matter open for new bids, also for amended bids. Mr. Shaw's amendment was lost on the ground that there was a prospect of even a better bid than any yet received including the amendments suggested.

The report of the committee empowered the mayor to advertise for further bids.

The whole matter was postponed until December 12th, when it will be called up again.

The board instructed the city clerk to advertise in the city papers that application will be made to the general assembly for amendment of the charter of the city of Greensboro.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C. Dec. 7.

A letter from Frank Brown, with the First regiment at Savannah, states that he expects to be able to go to Cuba next week.

Dr. J. S. Lafferty, of Glass, N. C., was in the city yesterday making arrangements to move to this place to practice medicine. He and his family will come about the first of the year. They will occupy the Welborn Meredith house on South Main street.

Malcolm Smitherman, who killed Harry Palmer, will be tried tomorrow. Several people from here are going to court to hear the trial.

Don't forget the services at St. Mary's church tomorrow night, conducted by Rev. Dr. Davis, of Concord. Mrs. J. M. Walker and Messrs. Burns and Newton will assist in the choir.

Herbert Freeman, of Archdale, late of the Alexander Paint works, of this place, where he has been working, is now traveling for a Philadelphia company.

Some miscreant has been prowling around different houses of late, but no one could find out who it was. Last night a man whose name we withhold, was caught at this business. Somebody will give him a charge of shot if he don't mind.

Dr. A. E. Frazier has returned from Asheville after spending a week there. He went down on business and was confined a week with a very sore foot.

Don't forget the Projectoscope and Comedy Company at the opera house tomorrow night.

"Ab" Ellison and "Kit" went down in Raleigh today to bag a few quail.

Mr. J. E. Jones has returned from Winston after attending the funeral of his father, who died last Friday.

Miss Clara Hamner went to Greensboro today to spend a few days with Miss Margaret Callum.

DOINGS OF THE COURT.

Cases of More Or Less Importance Tried Today.

The trial of Oscar Little for public nuisance, or throwing a dog in a well, occupied most of the day yesterday. Some good speeches followed the evidence, Col. Jas. E. Boyd assisting the solicitor in the prosecution. Bradshaw & Ragan appeared for the defendant and were the recipients of many congratulations from others of the legal fraternity when the jury returned a verdict of not guilty. It was a hard-fought case on both sides. Mr. Bradshaw this morning requested that the prosecutor be taxed with the cost but the judge refused to do this, as the state had introduced some strong circumstantial evidence in the case.

Cases were disposed of yesterday afternoon and today as follows:

State vs Richard Barker, c c w, guilty; judgment suspended on payment of costs.

State vs Will Lloyd, indictment for assault, guilty; twelve months on the county roads.

State vs Will Lloyd and Jeff Donnell, affray, guilty; judgment suspended on payment of costs.

State vs Rufus Watson, indictment, removing crop, guilty; judgment not yet rendered.

State vs William Young a d w, guilty; judgment suspended on payment of costs.

A Beautiful Display.

S. J. Kaufmann, the Benbow haberdasherie, of Greensboro, has had a more beautiful, trade-drawing display than at present. With a fine line of beautiful goods and an unexcelled taste for arranging them, Mr. Kaufmann attracts the attention of every passer-by and this, with the liberal use of printer's ink makes an impression. Mr. Kaufmann already has a large trade and one that is steadily growing and that, by fair dealing, he intends to keep.

Returned and Plead Guilty.

By Wire to THE TELEGRAM.

Philadelphia, Dec. 7.—President Marsh, of the Keystone Bank, which failed in 1891 and who jumped bail, has returned and pleads guilty to indictments charging him with the misappropriation of funds and making false reports to the comptroller of currency. New York Cycle Race.

By Wire to THE TELEGRAM.

New York, Dec. 7.—With Miller in the lead over ten miles behind his last year's record the sixth day of the bicycle race drags on. Miller and Pierce alternate in the lead, as one leaves the track, the other takes the lead. The score at noon stood: Miller 979; Pierce, 973; Waller, 971; Albert, 950; Stevens, 918; Lawson was taken out of the race because of nervousness.

Later—This afternoon it is reported that Miller has sprained his knee and withdrawn from the race.

The Blackmailing Case.

By Wire to THE TELEGRAM.

Albany, Dec. 7.—All the testimony in the Gould blackmailing case was completed today. The lawyers will sum up the evidence this afternoon and the case will go to the jury.

Smart Babies.

Capt. J. M. Burton, of Summerfield, who has here today, tells of two democrats in his section each of whom is the proud father of a son born early on the morning of the election. One of them said his baby boy was a democrat and before he was an hour old he held up his head and looked around. The other said his boy cried for an hour to go to the election. Capt. Burton says that when those boys get old enough to vote, they will hear their fathers talk about republicans, but won't know what they were. They will think they were something good to eat—like coconuts, for instance.

Mr. Voss Re-elected.

The board of county commissioners yesterday re-elected A. S. Voss keeper of the county home. Mr. Voss has held this position for some time and has sowed and harvested larger crops and some nearer making the home self supporting than any of his predecessors. He is a good manager and we congratulate both him and the commissioners on his re-election.

The commissioners also elected John N. Wilson county attorney.

Mr. Potts to Leave.

His many friends among all denominations will regret to learn that Rev. Jos. Potts, of the Friends church is to leave Greensboro. He goes to Mt. Airy tomorrow, having been appointed to take charge of the Friends church there. He is an excellent preacher, a good man, and is loved much by Greensboro people. He will be succeeded by Jos. H. Pease, of Guilford College, who has been appointed as temporary pastor here.

Married Yesterday.

Our congratulations to our friend S. J. Lindau, who was united in marriage yesterday at Pocomantas, Va., to Miss Carrie Beach. The ceremony was performed at 1:30 o'clock. They will reside in Greensboro, and their many friends will give them a hearty welcome.

CUBANS DELIGHTED

With President's Message—What Garcia Says About It.

Washington, Dec. 6.—The Cuban commissioners to Washington are making much progress toward the accomplishment of their mission, to the United States. General Garcia said that the members of the commission were entirely pleased with the attitude of the president's message and his treatment and recommendations regarding Cuba.

"It is an indication," said the old Cuban warrior, "that the president intends that the language of the resolution intervening in Cuban affairs shall be carried out, that Cuba shall have free and independent government. We can well afford to trust to the action of congress regarding our welfare."

"Our mission here is an especially fixed one, and its purposes were laid down by the Cuban assembly at Santa Cruz, and we simply represent that body which represent the Cuban people. We have been especially pleased with the reception which we have received here, both publicly and privately, and with the regard which has been shown us by the officials of the United States government, and the evident concern which the members of congress have exhibited in Cuban affairs, and their determination to provide for the best interests of the island."

ACADEMY OF MUSIC.

The Greatest of Repertoire Companies to Appear Here Next Week.

The following notice is from the Raleigh Observer:

"At the second appearance of the Peruchi-Beldoni Company at the Opera House last night the program was varied and the farce, 'A Georgia Cracker,' was presented. Another full house greeted the players and the audience manifested its appreciation in no unmistakable terms.

The farce, like all attractions of that class, is devoid of plot and teeming with nonsensical and ludicrous, though laugh-producing, situations. The central figures were Mr. Peruchi and Miss Hazel Carleton. The former played the part of a young rascal in school and made a decided hit. His songs and comical absurdities evoked storms of applause. Miss Carleton is a clever soubrette and pushed the fun along. With her sister, Miss Daisy Carleton, their song and dance success of the first night was repeated.

The professorship of James G. Morton was an amusing bit of acting. In the cast was Miss Elsie Graham, who has been seen here quite frequently. She appeared to good advantage last night as the widow. One of the most entertaining of the specialties was the turn of Emile Snbers, who is a good "oon" and knows when the audience has enough."

All ladies are to be admitted free Monday night if accompanied by the holder of one paid 30c. ticket.

Street cars or no street cars?

We suggest that a mass meeting of representative business men and taxpayers of Greensboro be called, in order to get an expression of public opinion on the question of street cars.

It has been thought by a great many people that Senator Butler would soon pack his grip sack and knock on the door of the democratic party for admission. Those who have hoped he would and those who have feared he would may as well dismiss their hopes and allay their fears, for the Senator at this stage of the game shows a positive inclination in the direction of the republican camp. We are led to these remarks by a suggestive act on the part of Mr. Butler yesterday, when he chose to retain his seat with the republicans instead of taking a good seat on the democratic side of the senate, thus forcing the new Oregon senator (republican) to either sit with the democrats or take an added seat on the back of the republican rear guard.

Skinner's Bill in House.

Washington, Dec. 6—Among the bills introduced in the House today were the following:

By Mr. Otis, of Virginia: To amend the war revenue act by directing the Secretary of the Treasury to redeem at their face value all revenue stamps sold and not cancelled.

By Mr. Skinner, of North Carolina: To establish a term of the Circuit Court for Newbern and Elizabeth City.

New Duties of Lieut. Hobson.

Washington, Dec. 6—Lieut. Hobson will probably be assigned to the duty of supervising the docking and repairing of three Spanish vessels recently raised in Manila. Secretary Long is inclined to send Lieut. Hobson to Hong Kong for this purpose as a testimonial of his worth an opportunity to rest from the continued labors of the past few months.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by C. E. Holton.

Lee Still in the Race.

Richmond, Va., Dec. 6—General Lee telegraphs here denying emphatically the report that he had retired from the race for the United States Senatorship in Virginia, in opposition to Senator Martin. To enter the Senate is still the height of General Lee's ambition, and nothing but the bestowal by the President of a most important army post would induce him to change his mind.

Uncle Sam wants Cuba, Porto Rico and the Philippines, but what the American people desire above all and will have is "Grape" sun-cured tobacco.

Troops Starting For Cuba.

Washington, Dec. 5—The work of getting troops to Havana has been simplified by a contract just concluded with the Ward and plant lines, which will carry men under a pro rata arrangement. By the end of the week part of two regiments will be on the way. The eighth and tenth infantry will be the first to go. General Lee expects to be in Havana before the middle of December.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. "An Evening With Gibson."

A very small audience spent "An Evening With Gibson" at the Academy of Music last night, and a very small sum must have been realized by the management. Greensboro people have generally shown a woeful lack of appreciation of home talent, but lovers of art and music who attended last night enjoyed a treat. Long waits are unavoidable where there is a change of scenes and costumes, though the tediousness of long waits last night was alleviated by Miss Lizzie Crocker's splendid piano music.

The solos by Mrs. Wilcox, of Philadelphia, and Harry Cunningham, of this city, were especially fine and much enjoyed, as was attested by the generous applause.

The poses of some of the city's most talented young people, in the living pictures were excellent and the scenes were very realistic.

Greensboro people should learn to patronize performances by home talent and that the efforts of the entertainers are appreciated according to their merits.

Dressing Sacques,

Children's Knit Goods,

BROWN'S.

"THE
GOOD LORD

has always a way to provide for the poor," was the cheerful remark of a good hearted preacher a few days ago, and after closely examining each and every article at the great manufacturers' sale of clothing, and while removing his spectacles, approached the proprietor in his solemn way and said: "You, stranger, are the instrument of Providence sent to the community of Greensboro," and since we have seen the hundreds and hundreds of poor clad people block our doors and carry out the best clothing at prices that even the cheapest kind can not be bought here in town, we began to think of the divine man's words.

It is time for you all to follow the example,

Our Stay is Short,

and if you don't come in time you won't find our goods, and that means paying the old high prices for your clothing again. Save your money and come to the

McAdoo Building,

Corner East Market and Davie Streets.
